*Constg. an enclosure wall round the latrines for the Govt. Secondary and Training school for Mistresses at Mangalore.

With reference to para 4 of your memo. No.257-Wks-B-24-3 dated 4-4-24, I forward herewith an estimate amounting to Rs.3000 for the work mentioned above and request you will be good enough to obtain the sanction of Government thereto as supplemental to the one sanctioned for Rs.1,40,080 in G.O.No. Mis.1003-W, dated 6-10-23 for constructing Govt. Secondary and Training school for Mistresses at Mangalore.

For Superintending Engineer,
Coimbatore Circle.

E.A.K./8-8-24.

34 3

Report to accompany the estimate for constructing Government Secondary and Training school for Mistress, Mangalore- supplemental estimate for constructing enclosure wall round latrines.

Amount of estimate Rs. 3000/-

Requisition- Para 4 of 257 Wks-B-24-3 dated 4-4-24 from the Chief Engineer, P.W.D.

W.C.No 70 & 70 A/1924

In accordance with the attached two plans, the estimate provides for the construction of an enclosure wall round the staff and students' latrines with a partition wall between the two. The latter is proposed of masonry since it is cheaper than a corrugated iron one.

2. The proposed ground level at site of tiffin rooms will be 43.00 and at site of store room 46.00. That of the site of --- students' latrine will be at 37.00 while that for staff latrine will be 40.00.

3. Privacy is essential for the latrine which the enclosure wal alone can afford. Further it will prevent the latrines from being used by the public. In the absence of a proper compound wall for the whole site of the school buildings this enclosure wall round latrines is absolutely essential.

Offg. Executive Engineer,
West Coast Division.

Public Works Department.

NOTE BY THE CHIEF ENGINEER, P.W.D.

No 2577 dated 27th December 1924.

*****

In approving the construction of the outhouses as laid out in the site plan W.C.No. 24 of 1924, for the Government Training School for mistresses at Mangalore the Superintending Engineer was directed to submit an approximate estimate for the enclosure wall round the latrines as, in the absence of a compound wall for the whole school site, one round the latrines is considered an absolute necessity, to prevent trespass from the adjoining road and to secure privacy.

The Superintending engineer now submits a detail estimate for Rs. 3,000/- for the enclosure with tracings W.C.Nos. 70 and 70A of 1924 round the 2 latrines, which are to be, one of 3 seats for mistresses, and the other of 24 seats, based on San. Type Design Nos .16 of 1915 and 18 of 1915 respectively.

(1) The sections of Compound wall for the portion G A B C C' should be based on the type for a 7 ft. retaining wall shown marginally.

(2) The top of concrete of enclosure walls is observed to be 1 foot below the formation levels round the latrines. To prevent scour by rain water past the weep holes, small platforms 2 ft. square of loose laterite paving should be provided below each weep hole.

(3) For a similar reason the western compound wall E F G A adjoining the road should be aligned 3 feet inwards away from the drain.

(4) With these remarks the plans and estimate amounting to Rs. 3,000/- are recommended for sanction.

No. 2235 WKS B from the S.E. Coimbatore Circle No. 1309 W/601-Z-11 dt 8.9.24
Noted by the Chief Engineer B&D No. 257 WKS B-3 dt 27.12.24

U.S.

In accordance with para 4 of Memo No. 257 WKS B-3 dt 4.4.24, the S.E. Coimbatore Circle forwards an estimate amounting to Rs 3,000/- for constructing an enclosure wall round the latrines for the above School. The necessity for the work is explained in para 3 of the report accompanying the estimate. The Estimate has been scrutinized in the office of the Chief Engineer B&D, and his remarks are contained in his note read above. He recommends the Estimate for sanction. His recommendation may be accepted. The construction of the School is a work in progress and there is a provision of Rs 60,000/- for the work in the budget for 1924-25.

2 A draft order on the case is submitted which may be sent to Law (Edn) and Finance departments for acceptance prior to

Circulation. The Law (Edn) dept may be requested to obtain the Countersignature of the D.P.I to the plans & Estimates before passing on the file to the Finance dept
